

Freedom To Choose
By Jesus Visser - 2024

Freedom,
I'm looking for freedom,
Freedom,
I'm hoping the time comes,
Where I can choose,
Let me choose,
Give me the freedom to choose,

I've lost myself, now deep in filth,
Hating myself, forgot my wealth,
Gotta search for help, what do I gotta do,
Can anyone help, can I even trust you,
I don't even trust me, but you're holding me up faithfully,
I give you my hand please don't hurt me, make me understand
that there's still a future for me,

Freedom,
I'm looking for freedom,
Freedom,
I'm hoping the time comes,
Where I can choose,
Let me choose,
Give me the freedom to choose,

It's finally hitting me, admittedly I'm startin' to see,
It was like a riddle to me, but now I'm startin' to believe in the person I see,
The one in the mirror, enough with the fear,
I'm moving on with a cheer, got the wheel now I'm tryna' steer,
To a new road, got my life in shape sevenfold.
Now it's time to help the world out, yeah people we gonna make it out,

Freedom,
I'm looking for freedom,
Freedom,
I'm hoping the time comes,
Where I can choose,
Let me choose,
Give me the freedom to choose.
